## CERTIFICATE OF COMPLIANCE REACH

To the best of the knowledge of Laird Technologies, this is to certify that the parts/products listed below meet the requirements of European Union's REACH (Registration, Evaluation and Authorization of Chemicals) Regulation (EC) No.1907/2006 and contain one of the 241 SVHCs (Substances of Very High Concern) currently published as of Jun 27, 2024 in an amount exceeding the 0.1% (w/w) threshold specified in Article 33(1) per article.

N,N-dimethylacetamide (DMAC), EC 204-826-4, CAS 127-19-5

The officially published, current Candidate List containing the 241 SVHCs is available at:

<http://echa.europa.eu/web/guest/candidate-list-table>

### Part number & description

Laird Technologies P/N	DMAC concentration	Part Description
Tgard K3000	0.3-1.0 %	Die-Cut Electrically Insulating Thermal Interface Materials

Results from product evaluations show that DMAC is not released at detectable levels under ambient temperatures. Estimated exposures to downstream workers handling the above DuPont ICS products and the general public from use of the final products, are all well below the levels of concern.
